INDEPENDENT AUDITORS' REPORT

Board of Directors Redwood Securities Group, Inc. San Francisco, California

I have audited the accompanying statement of financial condition of Redwood Securities Group, Inc. as of June 30, 2006 and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statement referred to above present fairly, in all material respects, the financial position of Redwood Securities Group, Inc. as of June 30, 2006 and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Schedules I-III are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

This opinion is intended solely for the information and use of the board of directors, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Financial Statements June 30, 2006

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and general matters:

Redwood Securities Group, Inc. (the "Company") was originally incorporated in the state of California in October 1990 under the name Redwood Capital Markets, Inc. to operate as an introducing broker. On October 20, 1991 the Company changed its name to Redwood Securities Group, Inc. The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers ("NASD") and the Securities Investor Protection Corporation ("SIPC"). The Company clears its securities transactions on a fully disclosed basis with a clearing broker.

Summary of significant accounting policies:

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

Security transactions are recorded on a settlement date basis with related commission income and expenses also recorded on a settlement trade date basis, generally the third business day after the trade date, which does not materially differ from recording these transaction on a trade date basis.

For purposes relating to the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents. When applicable, securities owned and marketable securities sold short are held principally for resale to customers and are considered to be an operating activity.

Furniture, equipment, and leasehold improvements are stated at cost. Repairs and maintenance to these assets are expensed as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed form the accounts and any gains or losses arising from such transaction are recognized. Furniture, equipment, and leasehold improvement are depreciated over their estimated useful lives five (5) to by the method.

Notes to Financial Statements June 30, 2006

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company accounts for its income taxes using the Financial Accounting Standards Board Statement of Financial Accounting Standards No. 109, "Accounting for income taxes", which requires the establishment of a deferred tax asset or liability for the recognition of the future deductible or taxable amounts and operating loss and tax credit carry forwards. Deferred tax expenses or benefits are recognized as a result of the changes in the assets and liabilities during the year.

Certain prior year amounts have been reclassified to conform to the current year's presentation. These changes had no impact on previously reported results of operations or stockholder's equity.

Note 2: COMMISSIONS RECEIVABLE

Commissions receivable represents amounts due from clearing brokers from commissions on securities purchased and sold by customers of the Company and amounts receivable from regulated investment companies for distribution activities.

Commissions receivables are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

Note 3: RECEIVABLE FROM OFFICER

The receivable from officer is non-interest bearing, non-collateralized, and due on demand. This is a related party transaction.

Note 4: DEPOSIT WITH CLEARING ORGANIZATION

The Company has deposited \$100,000 with Pershing LLC as security for its transactions with them. Interest is paid monthly on the deposit at the average overnight repurchase agreement rate.

Notes to Financial Statements June 30, 2006

Note 5: FURNITURE, EQUIPMENT, AND LEASEHOLDS, NET

Furniture, equipment and leaseholds are recorded at cost and summarized by major classifications as follows:

			Depreciable Life Years
Furniture & fixtures Equipment Computers Leasehold improvement	\$	102,057 35, 463 13,133 14,574	7 5 5 39
Subtotal Less: accumulated depreciation Automobile, furniture, equipment and leaseholds, net	\$_ =	165,227 (125,022) 40,205	

Depreciation expense for the year ended June 30, 2006 was \$10,000.

Note 6: INCOME TAXES

The Company has available at June 30, 2006, unused operating loss carry-forwards, which may be applied against future taxable income, resulting in a deferred tax asset approximately of \$66,311 that expires as follows:

Amount of unused operating Loss carry-forwards \$ 26,159 88,893 393,885 173,107	Expiration during year ended June 30, 2023 2024 2025 2026
\$682,044	

Notes to Financial Statements June 30, 2006

Note 7: <u>LIABILITIES SUBORDINATED TO THE CLAIMS OF GENERAL CREDITORS</u>

The borrowings under subordination agreements expired on March 31, 2006 the expiration schedule is as follows.

Liabilities subordinated to secured demand note collateral agreement: Interest at 8% due March 31, 2006	\$ 52,125	
Liabilities subordinated to secured demand note collateral agreement: Interest at 8% due March 31, 2006	52,125	
Total	\$104,250	

Note 8: COMMITMENTS AND ACONTINGENCIES

Future minimum lease payments under the lease are as follows:

<u>Year</u>	<u>Amount</u>
2007 2008 2009 2010 2011 & thereafter Total	259,116 272,574 184,848 92,736 \$809,274

Contingency

On October 28, 2004, the NASD brought an allegation against the Company for violating its NASD membership and registration rules. Although the underlying cause of this allegation occurred before the financial statement date and the likelihood of an unfavorable outcome is probable, the amount of the estimated loss cannot be reasonably estimated since the current status of the allegation is still pending as of June 30, 2006. As a result no estimated losses were accrued.

Notes to Financial Statements June 30, 2006

Note9: RECENTLY ISSUED ACCOUNTING STANDARDS

In January 2003, The Financial Accounting Standards Board ("FASB") issued FASB interpretation No. 46 "Consolidation of Variable Interest Entities" ("FIN 46"). This interpretation of Accounting Research Bulletin No. 51 requires companies to consolidate the operations of all variable interest entities ("VIE's") for which they are the primary beneficiary. The term "primary beneficiary" is defined as the entity that will absorb a majority of expected losses, receive a majority of the expected residual returns, or both. This interpretation was later revised by the issuance of Interpretation No. 46R ("FIN 46R"). The revision was issued to address certain implementation issues that had arisen since the issuance of the original interpretation and to provide companies with the ability to defer the adoption of FIN 46 to periods after March 15, 2004. The implementation of FIN No. 46 46R, had no material impact on the Company's financial statements.

On July 16, 2004, the FASB Ratified the Emerging Issues Task Force ("EITP") consensus on Issue 02-14, "Whether the Equity method of Accounting Applies Significant Influence through Other Means" ("EITF 02-14"). The consensus concludes that an investor should apply the equity method of accounting when it ca exercise significant influence over an equity through a means other than holding voting rights. The consensus is effective for reporting periods beginning after September 15, 2004. The adoption of EITF 02-14 did not have a material impact on the Company's financial statement.

On December 16, 2004, the FASB issued Statement of Financial Accounting Standards No. 123 (revised 2004), "Share-Based Payment" ("FASB 123R") which addresses the accounting for employee stock options, FASB 123R requires that the cost of all employee stock options, as well as other equity-based compensation arrangements, be reflected in the financial statements based on the estimated fair value of the awards. Stock options are a valuable and important tool that have been used by many companies as a means to motivate employees and to promote business growth. The statement requires that the value of these arrangements be measured and recognized in the financial statements. FASB 123R becomes effective for reports filed after June 15, 2005.

Notes to Financial Statements June 30, 2006

Note 10: NET CAPITAL REQUIREMENT

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ration of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change day to day, but on June 30, 2006, the Company had net capital of \$120,292, which was \$20,292 in excess of its required net capital of \$100,000; and the Company ratio of aggregate indebtedness (\$146,558) to net capital was 1.22 to 1, which is less than 15 to 1 maximum ratio allowed for a broker/dealer.

Statement of Net Capital Schedule I June 30, 2006

	Focus 06/2006	Audit 06/2006	Change
Stockholders' equity, June 30, 2006	\$274,252	\$274,252	\$0
Subtract - Non allowable assets:			
Fixed assets Advances Other assets	40,205 44,886 68,869	40,205 44,886 68,869	0 0 0
Tentative net capital	120,292	120,292	0
Haircuts:	() 0	
NET CAPITAL	120,292	120,292	0
Minimum net capital	(100,000	(100,000)	
Excess net capital	20,292	20,292	0
Aggregate indebtedness	146,558	146,558	0
Ratio of aggregate indebtedness to net capital	1.22	1.22	

There were no noted differences between the Audit and Focus filed for June 30, 2006.

June 30, 2006

Schedule II

Determination of Reserve Requirements

Under Rule 15c3-3 of the Securities and Exchange Commission

The Company is exempt from the Reserve Requirements of computation according to the provision of Rule 15c3-3(k)(2)(ii).

Schedule III
Information Relating to Possession or Control
Requirements Under Rule 15c3-3

The Company is exempt from the Rule 15c3-3 as it relates to Possession and Control requirements under the (k)(2)(ii) exemptive provision.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL STRUCTURE REQUIRED BY SEC RULE 17A-5

Board of Directors Redwood Securities Group, Inc. San Francisco, California

In planning and performing my audit of the financial statements of Redwood Securities Group, Inc. for the year ended June 30 2006, I considered its internal control structure, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures including tests of such practices and procedures followed by Redwood Securities Group, Inc. including test of compliance with such practices and procedures that I considered relevant to objectives stated in Rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following: (i) in making the quarterly securities examinations, counts, verifications and comparisons, (ii) recordation of differences required by Rule 17a-13, or (iii) in complying with the requirements for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the proceeding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Directors Redwood Securities Group, Inc. Page Two

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including control activities for safeguarding securities, which I consider to be material weaknesses as defined above.

In addition, my consideration of the internal control structure indicated that the Company was in compliance with the conditions of the exemption under Paragraph (k) (2) (ii) of Rule 15c3-3, and no facts came to my attention indicating that such conditions had not been complied with during the period. The scope of my engagement did not include the Anti Money Laundering provision of the U.S. Patriot Act.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at June 30 2006 to meet the Commission's objectives.

This report is intended solely for the information and use of the board of directors, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
